RURAL MUNICIPALITY OF BLAINE LAKE NO. 434 Financial Statements Year Ended December 31, 2022

Management's Responsibility for Financial Reporting

The financial statements of Rural Municipality of Blaine Lake No. 434 have been prepared in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. These statements include certain amounts based on management's estimates and judgments. Management has determined such amounts based on a reasonable basis in order to ensure that the financial statements are presented fairly in all material respects.

The integrity and reliability of Rural Municipality of Blaine Lake No. 434's reporting systems are achieved through the use of formal policies and procedures, the careful selection of employees and an appropriate division of responsibilities. These systems are designed to provide reasonable assurance that the financial information is reliable and accurate.

The Council is responsible for ensuring that management fulfills its responsibility for financial reporting. These responsibilities are fulfilled by the Council through the review the financial information prepared by management and discussion of relevant matters with the external auditors. The Council is responsible for the engagement or re-appointment of the external auditor.

Elizabeth M. Torrens CPA Professional Corporation, an independent auditor, has been appointed by the Municipal Council to audit and express an opinion on the Municipality's financial statements. The external auditor has full and free access to Council and management. The Independent Auditor's Report is addressed to the Council and appears on the following page.

Mr. Gerry Sterlioff, Reeve

Mr. Linda Klimm, Administrator

Blaine Lake, Saskatchewan June 20, 2023

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Rural Municipality of Blaine Lake No. 434

Opinion

I have audited the financial statements of Rural Municipality of Blaine Lake No. 434 (the Company), which comprise the statement of financial position as at December 31, 2022, and the statements of operations, comprehensive income and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2022, and the results of its operations and cash flows for the year then ended in accordance with Canadian accounting standards for private enterprises (ASPE).

Basis for Opinion

I conducted my audit in accordance with Canadian generally accepted auditing standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the Company in accordance with ethical requirements that are relevant to my audit of the financial statements in Canada, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASPE, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

Independent Auditor's Report to the Shareholders of Rural Municipality of Blaine Lake No. 434 (continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting
 a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
 involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

RURAL MUNICIPALITY OF BLAINE LAKE NO. 434 Notes to Financial Statements Year Ended December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the municipality have been prepared by management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the municipality are as follows:

Basis of accounting

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

Collection of funds for other authorities

Collection of funds by the Municipality for the school board and municipal hail authorities are collected and remitted in accordance with relevant legislation.

Government transfers

Government transfers are recognized in the financial statements as revenue or expense in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

Government transfer amounts received, but not earned, are recorded as deferred revenue.

Government transfer amounts earned, but not received, are recorded as an amount receivable.

Net financial assets

Net financial assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

Non-financial assets

Tangible capital assets and other non-financial assets are accounted for as assets by the Municipality because they can be used to provide municipal services in future periods. These assets do not normally provide resources to discharge the liabilities of the Municipality unless they are sold.

Appropriated reserves

Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.

RURAL MUNICIPALITY OF BLAINE LAKE NO. 434

Notes to Financial Statements Year Ended December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property Tax Revenue

Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.

Investments

Portfolio investments are valued at cost less any provisions for other than temporary impairment. Investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment.

The long term investment in the Saskatchewan Rural Municipalities Self Insurance fund is accounted for on an equity basis.

Inventory

Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.

Tangible capital assets

Tangible capital assets acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition.

Donated tangible capital assets received are recorded at their fair market value at the date of contribution.

Tangible capital assets are amortized over their estimated useful lives, less any residual value, on a straight-line basis at the following rates:

Land improvements	15 years
Buildings	40 years
Machinery and equipment	5 to 20 years
Transportation vehicles	10 years
Roads	15 to 40 years

Tangible capital assets acquired during the year but not placed into use are not amortized until they are placed into use.

Government contributions for the acquisition of tangible capital assets are reported as revenue and do not reduce the cost of the related asset.

Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits cannot be made.

RURAL MUNICIPALITY OF BLAINE LAKE NO. 434 Notes to Financial Statements Year Ended December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement uncertainty

The preparation of financial statements in conformity with the Canadian public sector accounting standards established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates are periodically reviewed and any adjustments necessary are reported in earnings in the period in which they become known. Actual results could differ from these estimates.

Accounts receivable are stated after an evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality.

Tangible capital asset opening cost have been estimated where actual costs were not available. Amortization is based on the estimated useful life.

Basis of segmentation

Municipal services have been segmented by grouping activities that have similar service objectives. Revenues that are directly related to the costs of the segment have been attributed to each segment. Interest is allocated to segments based on the purpose of the specific borrowings.

The segments are as follows:

General government services provides for the administration of the Municipality.

Protective services is comprised of expenses for police and fire protection.

Transportation services are responsible for the delivery of public works services related to the development and maintenance of roadway systems.

Environmental and public health services provides for waste disposal and other environmental service, as well as expenses related to public health services provided within the Municipality.

Planning and development services provides for neighbourhood development and sustainability.

Recreation and culture services provides for recreation and leisure services throughout the Municipality.

Budget information

Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council.

RURAL MUNICIPALITY OF BLAINE LAKE NO. 434 Notes to Financial Statements Year Ended December 31, 2022

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New accounting standards

Effective January 1, 2018, the municipality adopted the following Canadian public sector accounting standards. The description of these changes and their impact on the consolidated financial statements is summarized:

PS 2200 Related Party Disclosures defines a related party and establishes disclosures required for related party transactions. Disclosure of information about related party transactions and the relationship underlying them is required when they have occurred at a value different from that which would have been arrived at if the parties were unrelated, and they have, or could have, a material financial effect on the consolidated financial statements. For more information refer to Note 19.

PS 3210 Assets provides additional guidance for applying the definition of assets and establishing disclosure requirements for assets. Disclosure about the major categories of assets that are not recognized is required. When an asset is not recognized because a reasonable estimate cannot be made, the reason(s) for this should be disclosed. The adoption of this standard has no impact on the consolidated financial statements.

PS 3320 Contingent Assets defines and establishes disclosure standards on the reporting and disclosure of possible assets that may arise from existing conditions or situations involving uncertainty. Disclosure is required when the occurrence of the confirming future event is likely. The municipality does not have any reportable contingent assets.

PS 3380 Contractual Rights defines and establishes disclosure standards on contractual rights. Contractual rights are rights to economic resources arising from contracts or agreements that will result in both an asset and revenue in the future. The municipality does not have any reportable contractual rights.

PS 3420 Inter-Entity Transactions establishes standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective. This standard has no impact on the consolidated financial statements.

7. CONTINGENT LIABILITY

The Municipality is contingently liable under terms of the Saskatchewan Association of Rural Municipalities Self Insurance Plan for its proportionate share of claims and future claims in excess of the Plan's reserve fund.

COMPARATIVE FIGURES

Some of the comparative figures have been reclassified to conform to the current year's presentation.

BUDGET FIGURES

Budget figures are reported for information purposes only and are unaudited.

10. PENSION PLAN

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multiemployer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The municipality's pension expense in 2022 was \$19,695 [2021 - \$27,111]. The benefits accrued to the municipality's employees from MEPP are calculated using the following: Pensionable Years of Service, Highest Average Salary, and the plan accrual rate.
